

## **COVID-19 GUIDELINES FOR PASSENGERS IN OUR HISTORICAL TRAMS**

In connection with the Coronavirus, we have taken additional measures to provide you a safe and enjoyable ride.

### **What measures do we take:**

1. We have limited the maximum number of passengers in all trams to the number of available seats.
2. We clean our trams even more often: bars and seats are cleaned with disinfectant before and after each ride.
3. The tram driver is seated at some distance from your group for safety reasons. As a result, there is slightly less interaction between you and the tram driver than we would like to offer, but you can of course still count on an excellent service.

### **What do we ask from you:**

1. Participants in the group must be free of COVID-19 symptoms for at least 24 hours prior to the ride. If someone feels sick, develops Corona-related symptoms, or tests positive for COVID-19, unfortunately this person cannot participate in the ride.
2. You cannot stand on the front or rear balcony of the 20' trams.
3. Wearing a face covering during the tram ride is not mandatory.

We are convinced that in this way we can ensure a very pleasant ride together with you!

**Health declaration regarding historical tram transport (for groups):**

In connection with transport by historic tram dated: .....

I declare that in the group of persons I have gathered for the purpose of this transport:

- Everyone aged 13 years and older will bring an own face mask, which will be worn when boarding and alighting and during the entire ride.
- Everyone has stated that he / she does not suffer from a cold, high temperature, fever or shortness of breath.
- If anyone in the group develops COVID-19 symptoms or tests positive for COVID-19 within 14 days of the ride, I will immediately notify the carrier.

**Completed and signed truthfully,**
